**Renowned author and lecturer, Julius Ballanco, PE, will present an informative educational review of the International Mechanical Code. This seminar will cover a general overview of the current code with special attention paid to changes from the previous code.**

**This course has been approved by the State of Alaska for 8 hours of Continuing Education toward the Mechanical Administrator’s license.**

**Completion certificates will be issued to participants after the seminar.**

**About the speaker:** Julius Ballanco, P.E., CPD, is President of JB Engineering and Code Consulting, P.C. The firm specializes in code and standard consulting in the areas of plumbing, mechanical, life safety and fire protection engineering. He is the President of the American Society of Plumbing Engineers. Before establishing this firm, Mr. Ballanco was head of Plumbing and Mechanical Engineering for Building Official and Code Administrators (BOCA®) International, Inc. He is a well-known lecturer, having instructed over 1,500 seminars. Mr. Ballanco is also a monthly columnist in both Plumbing & Mechanical and PM Engineer magazines. He has authored Ballanco on Plumbing, the BOCA® National Plumbing Code Commentary and the Plumbing of Residential Fire Sprinklers and has also co-authored the Illustrated National Plumbing Code Design Manual. Mr. Ballanco serves on many national standard committees, including ANSI/ASME, IAPMO, ASTM, NSF, and ASSE. A graduate of Stevens Institute of Technology, he is both a Registered Professional Engineer and Licensed Master Plumber.
